

# JST<sup>®</sup> NATURAL AND SUSTAINABLE TEAK

**Ideal for the Marine Industry**

**JST®** is 100% natural teak (*Tectona Grandis*) and notable for its striking even gold colour.

Durable and resistant to the maritime environment, **JST®** is particularly suitable for Marine applications. It is comfortable underfoot and provides secure footing on pitching and rolling decks in either wet or dry conditions.

**JST®** is sustainable teak, sourced from state-managed plantations since the late 1800s.

**JST®** can be supplied from the country of origin direct or from our Trieste warehouse.

**Timberlux**, a company specialized in importing Teak from all over the world and operating mainly in the nautical sector, is the official distributor of **JST®**.

**JST®** is a registered trademark, in order to guarantee the product's quality and its legality origin.

**JST®** is the result of years of extensive research conducted by Timberlux in many Teak growing regions to offer the market a product that complies with all European and International regulations such as EUDR and UKTR.

It is **FLEGT® certified** and can be **FSC® certified**, so it is fully traceable and legal.
